

Igniting Learning Journeys
啟育學習旅程

Dear Friend of CDC,

This month, we were very excited to [launch CDC's first mobile app for parents, CDC Connects](#). The app, sponsored by FWD Hong Kong, will make it easier for parents to book appointments for Parent Review meetings and receive push-notifications for instant news updates or announcements! It will also benefit parents of children who receive bi-annual assessments in their group programme at the CDC, with goals and assessment reports being uploaded to the app. We strongly encourage all parents to check it out!

Besides the app, we've also recently released our Annual Report 2017/18. If you haven't had a chance to read it yet, be sure to check it out in the '[Money Matters](#)' section of our website. In addition, following our parent survey in January, we've gathered the responses and evaluated how we can improve! Read about it [here](#).

Don't forget to scroll down further for all the latest CDC and SEN events!

Team CDC

In the News

Annual Report 2017/18

Check out our latest Annual Report available on the CDC website now! With plenty of highlights, interesting data and statistics, you wouldn't want to miss it!

Parent Survey Feedback 2019

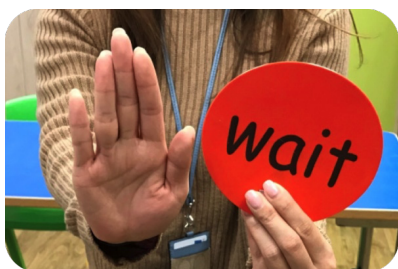

A big thank you to all the parents who completed our survey in January. Read our feedback to your responses and see our action points for helping improve the CDC!

SEN Tips

Learning Language Through Songs

A great way to practise language is through songs. Singing can help to teach children basic concepts and develop their vocabulary too! Find out how and some example songs in this article.

Make Waiting Easier For Your Child

Many everyday situations involve waiting. It is not easy for children to wait for something they really want. Read this article for some tips to make waiting easier for your child.

A Small Step to Developing Positive Friendships

Some children have difficulties making new friends. Discover a few ways to help your child learn to develop positive relationships with others.
