Keep your child engaged this summer with our exciting group programmes! From playful activities to skill-building sessions, our flexible 1- to 3-month programmes (June to August 2025) are designed to spark joy and development. Let's see what we offer:

- Playtime Plus+ (Toddlers): A parent-child playgroup fostering early development through structured activities and parenting support.
- Social Star/Social Super Star (Ages 3–9): Build social-emotional skills to help your child make friends and navigate social encounters confidently.
- Attention & Sensory Group (Ages 5–9): Engaging sensory-motor activities to boost focus and self-regulation.
- Lego Club (Ages 5+): Collaborative brick-building to enhance social communication and problem-solving.
- Individual Speech & Occupational Therapies (Ages 2–12): Tailored support for speech, language, motor skills, and more.

Sign up now! Contact us at 2849 6138 or visit our website to find the above and other programmes that best suit your child.

Event highlights

Diversifying Children's Learning

The CDC understands that it can sometimes be challenging for Culturally and Linguistically Diverse (CALD) families to experience and engage with the local culture. Thanks to the generous support of the Social Welfare Department, our teachers organise enriching activities for CALD families. We celebrate different festivals, for example, Chinese New Year, Easter, and Mother's Day, with arts and crafts, all designed to foster cultural connection, language learning, and joy.

Mini-Dentist Day is back!

On 24 May, a group of CDC children and parents visited the HKU Dentistry Clinic and became "mini-dentists"!

Thanks to the Institute for Advanced Dentistry Multi-Specialty Clinic, HKU Dentistry (IAD-MSC), the children explored the clinical environment, learnt about dental hygiene by checking their parents' teeth, and enjoyed a simple dental check-up by IAD-MSC resident dentists.

It was such a fun activity to keep our children healthy!

The CDC strives to provide unique experiences for children with additional needs to meet their specific challenges, however, some of the families face difficulties in participating in additional programmes due to financial challenges. With ongoing support from sponsors and community funding, we can offer more opportunities for every child to learn, grow, and thrive. Want to support our mission? Upcoming Activities

Triple P – Positive Parenting Programme Seminars

Parents, do your children ever refuse to eat properly, resist tidying up toys, or ignore instructions? These common behaviour challenges can be frustrating for parents and caregivers. The Triple P Positive Parenting Programme Seminars* offer simple, practical parenting techniques to address these issues whilst promoting your child's healthy growth and emotional development.

Join us for these free Zoom seminars to raise confident and happy children:

- Manage challenging behaviors and foster positive ones
- Inspire children to learn and encourage desirable behaviors
- Build strong parent-child relationships and promote positive interactions
- Boost parenting confidence, reduce stress, and set realistic discipline expectations

3 Practical Seminars provide practical skills:
12 June: The Power of Positive Parenting
Learn positive parenting methods to foster strong parent-child relationships and discover how parents can balance work and family life.

19 June: Raising Confident, Competent Children
Gain techniques to nurture your child's confidence, communication skills, empathy, and sense of responsibility, helping them develop a positive self-image.

26 June: Raising Resilient Children
Learn how to help your child recognise and manage emotions, cope with stress, and build problem-solving skills.
