

Igniting Learning Journeys
啟育學習旅程

Dear Friend of CDC,

We hope you and your family have been keeping fit and healthy since we last got in touch.

As the COVID-19 situation in Hong Kong has gradually been improving (and fingers crossed, will continue to improve), aside from more normal programme and service resumption, we have also been striving to connect and develop stronger relationships with our partners and the community in general. As a recap, we've compiled an article capturing some of the recent events we've either participated in or benefitted from. Check it out [here](#).

We've also got some new SEN Tips for you this month, so scroll down further and have a look! As well as that, be sure to check out the upcoming events from June to August!

Stay safe and healthy!

Articulation - Five Frequently Asked Questions

Parents often have questions about their toddlers and preschoolers' speech clarity. Here are the answers to some of the most common questions about articulation!

Visual Timers – What, Why and How!

Visual timers allow children to visually 'see' time passing by. There are many different types. Let's find out why they are useful and how we can use them to support children's learning.
