

Igniting Learning Journeys
啟育學習旅程

Dear Friend of CDC,

It's been just over a month since our last newsletter, but we thought we'd check in with you again! We hope you and your family have been keeping well and healthy. Whilst the start of the school term has been unique and different, with increased online teaching and learning, we hope our parents and students have been able to adjust to the adapted teaching methods. As we head towards the Mid-Term break in early October, and as the COVID-19 situation constantly changes, we hope that we will be able to provide more face-to-face teaching and in group settings thereafter. We would also like to take this opportunity to wish you and your families a very happy Mid-Autumn festival in advance!

In this edition of the newsletter, we have a brand [new video](#) in our 'CDC Stories' series, featuring the words of Avi, mother of CDC past student, Jasleen. The video showcases Jasleen's journey from the time she joined CDC, when she could barely walk, to when she graduated from the CDC and entered a new school. The video also includes insight from Julie Giles and Joan Ng, two of our staff who remembered Jasleen's days at the CDC. To learn more about Jasleen's journey, read our webpost [here](#).

Additionally, we have a news [article](#) dedicated to thanking our charities and supporters, along with a couple of new 'SEN Tips' articles for you. And, don't forget to scroll down to our 'Upcoming Events' section to see what's happening this October!

Stay safe and healthy!
Team CDC

In the News

Grateful to all CDC Charities and Supporters

We are delighted to have received support from various charities and donors. Learn more about our generous supporters and read on to find out how we can help with subsidised programmes.

SEN Tips

Help Your Child to Generalise Out of Classroom

Discover why generalisation is important for your child and learn how to promote it through simple activities and exercises.

Mindfulness for Children

Mindfulness training comes with many benefits for children in their everyday life, including facilitating their learning. Find out how you can practice mindfulness with your children!
